PROJECTS

IMET – Human Rental System, | [LINK](#) [🔗](#) January 2025

Tech Stack: Node.js, Express.js, MongoDB, EJS, CSS

IMET is a full-stack web application where users register by profession, log in/out, and post or receive reviews. It includes complete authentication, validations, and a responsive EJS-based UI. Helps freelancers gain visibility and build trust through user reviews.

DeployedZone – Project Showcase Platform, | [LINK](#) [🔗](#) December 2024

Tech Stack: Node.js, Express.js, MongoDB, HTML, CSS, JavaScript, Cloudinary

Built a complete platform to create, manage, and display personal projects with images. Developed a custom authentication system using ERP ID and password storage.

Features project CRUD, profile photo upload, and Render deployment.

CodeRooms – Notes Sharing Website, | [LINK](#) [🔗](#) October 2024 – present

Tech Stack: HTML, CSS, JavaScript

A responsive site to share digital and handwritten notes tailored for BCA students of the University of Lucknow. It solves the real problem of scattered study materials by offering semester-wise, structured access.

CERTIFICATES

Java Programming – Great Learning [🔗](#)

- Completed a comprehensive course covering OOP concepts, classes, inheritance, and exception handling in Java.

MongoDB & Express.js Basics, Node.js & REST APIs – Self Project-Based Learning [🔗](#)

- Hands-on practice with CRUD operations and RESTful API development using MongoDB and Express.js.
